

Blood Oath

Suffocation

Advisory - the following lyrics contain explicit language:

From my soul
I dispose the weak
Enslave, all kings left dethroned
I pronounce
My oath in Blood Withdrawn from my veins I spill
An existence defined
By the paths I saturate Laws you impose
Get overruled
Irrelevant ways of the fools
Sentenced before higher courts
I'm self detained,
In ways you judge not Detours denied,
Tell tales, of masses who failed
Unearth and incinerate the old
Feeble ways From my soul
I dispose the weak
Enslave, all kings left dethroned
I pronounce
My oath in Blood Bleed the fucking truth
Or die by the fraud
That's become of you
Denounce clones and amongst
Kings, who use the flame and burn Blood in, blood out
Blood in, blood out Detours denied,
Tell tales, of masses who failed
Unearth and incinerate the old
Feeble ways Bleed for the oath taken
Bleed for the oath taken Detours denied,
Tell tales, of masses who failed
Unearth and incinerate the old
Feeble ways From my soul
I dispose the weak

Enslave, all kings left dethroned
I pronounce
My oath in Blood
