

# Out In The Parkin' Lot

Guy Clark

I was sittin' on the fender of someone else's truck  
Drinkin' Old Crow whisky, hot 7UP  
Out in the parking lot

You can hear the band are playin' right through the wall  
Ain't no cover charge, there ain't no last call  
Out in the parking lot

Now there's a couple of cowpokes puttin' up there dukes  
Wasn't much to it after both of 'em puked  
Out in the parking lot

Now someone called the police and the police finally came  
And they wrote 'em a couple of tickets  
And they took a couple of names out in the parking lot

I love to see the neon dancin' on the gravel  
I love to hear the pickup trucks come unraveled  
And some have given up, some have given in  
Looks like everybody's lookin' for a friend  
Out in the parking lot

Oops, there's a couple who could not wait to get home  
Now they're probably in love, so let's leave them alone  
Out in the parking lot

Now the band is on the bus, they're all loaded up to leave  
But the drummer's got a girlfriend and she's tuggin' at his sleeve  
Out in the parking lot

I love to see the neon dancin' on the gravel  
I love to hear the pickup trucks come unraveled  
Some have given up, some have given in  
Looks like everybody's lookin' for a friend  
Out in the parking lot

Now everybody's gone, they've shut out all the lights  
The dust begins to settle and it's never been so quiet  
Out in the parking lot
