

Light Years (Live In New York)

Kylie Minogue

10, 9, 8, 7, 6, 5, 4, 3, 2, 1
Listen can you hear the distant calling
Far away but we'll be with you soon
Rocketing to outer space in orbit
Take us to the pop stars on the moonUh
Travel in light years
Uh
Travel in light yearsHave yourself a taste of foreign glamour
Speeding on our way to something new
Missing for a night but gone forever
The crew are here to take good CARE of youUh
Travel in light years
Uh
Travel in light yearsPlease fasten your seat belts.
My name is Kylie.
I'll be your purser.
The exits are located at the front and the rear of the craft.Get up to get down at discoteca
Take a breath and take the plunge my dear
Maybe things that you don't know are better
I'll take you in my capsule out of hereUh
Travel in light years
Uh
Travel in light yearsThank you for flying KM Air.
We hope you had a pleasant flight.
Please fly with us again.
