

# 4, 3, 2, 1 (e-dub Remix)

## Master P

Aiyyo, one, two, three, four, five, six, seven  
Blaze the hot trizack that sound like heaven  
Seven, six, five, four, three, two, one  
My mon methtical come and get some  
Playin' my position, hot Nixon  
This one, for all the sick ones, conflict ion  
Poisonous darts sickenin', best believe  
Finger itchin' with two broke legs, now I?m trippin  
On Mc?s cliché, shot that ricochets  
Start trouble bust bubbles, hip to wicked ways  
Gotta love me, God no one above me  
Look good but fuck ugly, tap your jaw  
From my punch buggy sunnin' you  
Got you shittin' in your last huggie, runnin' who?  
Fuckin' punk, get a speed bump comin' through  
A single shot make your knees knock, respect wu  
Aiyyo I put it on a nigga, shit it on a nigga  
Turnin' Christian to a certified sinner  
The bomb I release, time pent up  
While you got set up I was hittin' your ex hoe  
Shit I kept low, petro? your metro  
Politic, keep the chicken heads gobblin'  
Shit I?m drivin' in, come with funk halogen  
Terrorize your city, from the spliff committee  
Kick ass till both timberlands turn shitty  
Gritty, smack the driver?s head in the chin' see  
When I approach rappers be takin' notes  
I drop like I shoulda invented the raincoat  
Absolute, I love to burn to the roots  
I keep comin' til your pour sperm from your boots  
Vigilante hardcore to the penis  
Tell you fuck you my attitude is anemic  
I?m the illest nigga alive, watch me prove it  
I snatch your crown witcha head still attached to it  
Canibus is the type who?ll fight for mics  
Beatin' niggaz to death and beatin' dead niggaz to life  
When you look at me long enough, I start to read your thoughts  
If the signal was strong enough, and then I?ll call your bluff  
Like, yo, how many rhymes you got? I think I?ll go on

For more millenniums than Mazda's got on the car lot  
And there's nowhere to run ta, when I confront ya  
Nigga, I call your bluff like you had a phone number  
Who wanna see canibus get wild, who wanna act fly  
And get shot down with a surface-to-air missile  
I take em on in all shapes sizes and forms and spit on  
Anybody who ain't close enough to shit on  
Zero to sixty? I'm already doin' a hundred  
When I'm blunted and I give it to any nigga that want it  
Stay out the dark, cause if I catch you when the sun is down  
Run it clown, come up off that, or I'm gon' gun it down

When in doubt, however skull goes, it's gon' be that  
See that, that shit'll finish you dawg, believe that  
Where we at, do your value your life, as much as your possessions?  
Don't be a stupid niggs, learn a lesson  
I'm gon' get you either way, and it's better to live  
Let me get what's between your sock, cause it's, better to give  
Than receive, believe what I say when I tell you  
Don't make me put you somewhere where nobody'll smell you  
And when the lights is out, they don't come back on  
This ain't a flick you ain't gon' come back on, you ain't that strong  
You knew it was wrong, but you asked for it baby  
You're a pink nigga, ski mask for it, baby  
So I can hit you up on front teeth, you think I'm sweet?  
Want heat? One deep, leave him behind, front seat  
Aiyyo, one, two, three, four, five, six, seven  
Blaze the hot trizack that sound like heaven  
Seven, six, five, four, three, two, one  
My mon methtical come and get some  
When young sons fantasize of borrowing flows  
Tell little Shorty with the big mouth the bank is closed, yeah, word up  
The symbol on my arm is off limits to challengers  
You hold the rusty swords I swing the Excalibur  
How dare you step up in my dimension  
Your little ass should be somewhere cryin' on detention  
Watch your mouth better yet hold your tongue  
I'ma do this shit for free this time this one's for fun  
Blow you to pieces, leave you covered in feces  
With one thesis, LL Cool J is hard  
Every little boy wanna pick up the mic  
And try to run with the big boys and live up to the real hype  
But that's like pickin' up a ball, playin' with Mike  
Swingin' at Ken Griffey or challengin' Roy to a fight  
Snappin, you amateur mc's

Don't you know I'm like the dream team tourin' overseas  
For rappers in my circle I'm a deadly disease  
Ringmaster, bringin' a tiger cub to his knees  
In the history of rap they've never seen such prominence  
Your naive confidence gets crushed by my dominance, word up  
Now let's get back to this mic on my arm  
If it ever left my side it'd transform into a time bomb  
You don't wanna borrow that, you wanna idolize  
And you don't wanna make me mad nigga you wanna socialize  
And I'm daring every mc in the game  
To play yourself out position, and mention my name  
I make a rhyme for every syllable in your name  
Go platinum for every time your grimy ass was on the train  
Watch your mouth don't ever step out of line  
LL Cool J nigga, greatest of all time
