

The Meaning Of Soul

Oasis

I gotta show you, man, the meaning of soul
I'm taking on love tonight
Get outta my way, young man, I dig what you say
But that ain't enough, alright
I'm different breed, yeah, man I'm outta you league
I'm 10 outta 10 all night
Get outta my way, young man, I dig what you say
But that ain't enough, alright
All rise
I see the love in your eyes
If it's alright
Can I be your light?
I gotta show you, man, the meaning of soul
I'm taking on love tonight
Get outta my way, young man, I dig what you say
But that ain't enough, alright
I'm different breed, yeah, man I'm outta you league
I'm 10 outta 10 all night
Get outta my way, young man, I dig what you say
But that ain't enough, alright
All rise
I see the love in your eyes
If it's alright
Can I be your light?
I gotta show you, man, the meaning of soul
I'm taking on love tonight
