

# Cool Summer Night

[Lisa Brokop](#)

Stopped by today,  
had a chocolate shake  
down at Burger Joe's.  
Took me back to  
When I fell for you  
At the drive-thru window.  
Talked me into taking off early  
Never saw love in, such a hurry.  
CHORUS  
That was a cool summer night.  
Just like it was yesterday,  
I remember.  
Big dreams and butterflys  
Getting the chills like it was December.  
Hearts letting go as we held on tight  
That was a cool summer night  
Late last night,  
It was like old times,  
Just me and you.  
Stepped away,  
Down to the lake  
Found an old canoe.  
In the moonlight,  
You were gently rowing  
Without a word,  
I knew where we were going  
CHORUS (x3)
