Dancing Crickets

Roslyn Creek

I know youâ€™re out there... Iâ€™m on the back trails... Outside the gates... hope Iâ€™ll find you for too long...
Come dance in the woods... down by the water where the Love is free... from all that keeps you from grabbing hold of me.

Chorus:

Once in my dreams... I tried to make you smile... In the woods down by the graveyard... on a mud & dusty rideâ€™
She said where are you love... while feeding ponies in the middle of the night... on her side of the road...
Stop burning bridges now...you know that their a Bitch to fix... and you got the time or the tools

Chorus:

Now just start dancing please... b4 the sky that falls for fools... You could shake this world of all its needs...
If Iâ€™m not there to catch you... find the water dear... and Lie down there until you think of me

Chorus:

Repeat 1st verse...
Once in my dreams...
