

# Fool for You

## Wilshire

Tell me would you think it kind of strange  
If I said that I want to be in your parade  
I'd wear funny shoes up and down the boulevard  
I'd march all day long just to be where you are  
Running round circles in my head  
I don't know what to say  
I just get carried away  
And I would be a fool for you  
I'd do the things you'd want me to  
Like a jester in a court for two  
I just want to be a fool  
Help me the ice is getting thin  
Crazy, makes me feel like jumping in  
You're like a movie star up on the screen  
I'm so into you but you're out of reach  
If I could make you mine  
And solve this mystery  
Can't you see this game is killing me  
I don't know what to say  
I just get carried away  
And I would be a fool for you  
I'd do the things you'd want me to  
Like a jester in a court for two  
I just want to be a fool for you  
Like a jester in a court for two  
I just want to be a fool  
And I would be a fool for you  
I'd do the things you'd want me to  
Like a jester in a court for two  
I just want to be a fool for you  
Like a jester in a court for two  
I just want to be a fool  
Fool
