

# Summer's Here

## The School

- Something says you're reading all the thoughts in my mind
  - But I can't tell
- It's not about the way you look at me as a mess
- Cos I don't mind-- The summer's here and there's nothing you can do
- Say you'll come out and you'll love it-- Something says you think you're better off elsewhere
  - But I don't care
- It makes me feel like tearing you away from inside
  - To where it's at
