Desperate

Soft Cell

I'll do anything, anything at all
Just throw a little cash in my direction
I'll sing anything from rock to music hall
Just for a morsel of your attentionMaybe as a child, I wasn't given
All the love I needed
Maybe I'm a sad reflection of todayI'm desperate, I'm desperate
I'm desperate, desperate for love
Any kind of love or attentionDon't have to tempt me
You won't see me resisting
See me in a magazine
Or I'm not existingI'll parody myself
Just don't leave me on the shelf
Maybe I'm a symptom
Of a bigger problemI'm desperate, I'm desperate
I'm desperate, desperate for love
Any kind of love or attentionI'm always available without hesitation
Opening an envelope, just send an invitation
I'll dance for you, pose for you
Take off all my clothes for youSpeak your words, sing your song
I'm up for auction, going goneI'm desperate, I'm desperate
I'm desperate, I'm desperate
I'm desperate, I'm desperate
Desperate for loveAny kind of love or attention
Any kind of love or attention
Any kind of love or attention
