For Ever

Kidtonik

(Allen/Bailey)Now you've left me today
What eles is there to say
To make you want me back again
Love like you did again, foreverI'll admit it to you
I don't know what to do
Maybe I'll find someone knew
I'll still be in love with you, foreverI'll love you forever, but don't come near me
I just can't stand the way you look at me
With eyes that hold no love
I want you
I need you
I love youI hope your conscience will pay
For taking all this away
You made the sun come out each day
You made the stars come out to stay, foreverI'll love you forever, but don't come near me
I just can't stand the way you look at me
With eyes that hold no love
I want you
I need you
I love youI hope your conscience will pay
For taking all this away
Maybe I'll find someone new
I'll still be in love with you,forever
Forever
