Something Inside

The Muffs

I'm sort of afraid of the dark
Maybe it just isn't meAppearing to take over maybe I'm crazy
I can't think of why but I think I could cry
Because something
Something inside me has diedSo long ago and it just came a long
I thought I could do me some harmThen I lost a little and learned that I didn't know
I had the something that I felt so little of
Something, there's something inside of meMaybe you see it who cares
About me it's all about me
I know that I'm here if I dare
But I think I'm still mighty scared[solo]I'm holding on trying to feel my whole life
And I know that I can if I think that I am really something
There's something inside of me
There's something inside of me
There's something inside of me
