Red Star Falling (Live In Berlin, 2007)

Saxon

Where Were You When The Red Star Fell
Did You Hear The Tolling Of The Bell
A Million People On The Streets
They March As One They March For Peace
Breaking Free From The Iron Fist
The Price You Pay A Deadly Risk
Live No More In Fear And Shame
The Hammer's Gone Release From Blame
The Tanks Have Left The Walls Torn Down
The Sound Of Silence All Around
Hear No More The Screams Of Pain
Freedom Now The Beast Is Slain
Did You See The Red Star Falling
Where Were You When The Red Flag Burned
The Ashes Gone The Tables Turned
One By One The Cracks Apeared
The Overlord No Longer Feared
The Children Sing And Dance Once More
On The Streets No Signs Of War
The Strangle Hold That Held You Tight
Brocken Now No Will To Fight
The Guards Have Gone The Wire Torn Down
The Sound Of Silence All Around
Hear No More The Screams Of Pain
Freedom Now The Beast Is Slain
The Beast Is Slain
Did You See The Red Star Falling
Falling DownThey Marched As One To See The Red Flag Falling
They Paid There Price The Price For Liberty
Where Were You When The Red Star Died
Did You Raise Your Voices To The Sky
Forgoten Now The Fear And Pain
Or Does The Memory Still Remain
The People Held In Bonds Of Steel
It Took So Long To Break The Seal
After All That's Said And Done
A Million People Can't Be Wrong
The Tanks Have Left The Walls Torn Down
The Sound Of Silence All Around

Hear No More The Screams Of Pain
Freedom Now The Beast Is Slain
The Beast Is Slain
Did You See The Red Star Falling
Falling Down
