Get Well Soon

Admiral Twin

Seasons bring on change
and itâ€™s alright now
Pleasure brings the rain
and a sacred vow
In sickness and in health
In poverty or wealth
A promise from the heart
to never fall apart

I hope you get well soon
Maybe then weâ€™ll share a room
Until then I dream alone
Buy fresh flowers for our home
I pray you sleep tonight
And donâ€™t mind the TV light
You can stay in bed â€™til noon
Maybe next Iâ€™ll buy the moon
Get well soon

Soon this thing will pass
And weâ€™re alright now
From this day to our last
Iâ€™m gonna show you how
Weâ€™re gonna be OK
Everythingâ€™s alright
All I do is pray
You sleep tonight

I hope you get well soon
Maybe then weâ€™ll share a room
Until then I dream alone
Buy fresh flowers for our home
I pray you sleep tonight
And donâ€™t mind the TV light
You can stay in bed â€™til noon
Maybe next Iâ€™ll buy the moon
Get well soon

Seasons bring on change
But itâ€™s alright now

Winter went by strange
Summerâ€™s come around

I miss you well,
I canâ€™t tell you how much
I want to get you home
to a place
where we both belong

I hope you get well soon
Maybe then weâ€™ll share a room
Until then I dream alone
Buy fresh flowers for our home
I pray you sleep tonight
And donâ€™t mind the TV light
You can stay in bed â€™til noon
Maybe next Iâ€™ll buy the moon
Get well soon
