Day Old Hate

Dallas Green

So let's face it this was never what you wanted
But I know it's fun to pretend
Now blank stares and empty threats
Are all I have, they're all I have.So drown me and if you can
Or we could just have conversation.
And I fall, I fall, I falter
But I'll find you before I drift awayNow you still speak of day old hate
Though your whole world has gone up into flames
And isn't it great to find that you're really worth nothing
And how safe it is to feel safe.So drown me and if you can
Or we could just have conversation.
And I fall, I fall, I falter
But I'll find you before I drift away
The things we do just to stay alive
The things we do just to stay alive
The things we do just to stay alive
The things we do just to keep ourselves alive.
