

Roses and Jazz

Nataniel

Once in your life
You'll meet somebody new
Someone you don't know
Someone who likes you
You talk through the night
 A new friend
 A new smile
But heaven makes you crazy
Gotta leave in a while[Chorus]
 I don't want to go now
 Leaving a friend
 Life seems to go on
 Mine seems to end
 Make me a lover
 Love me with pizazz
 I need to die a her
I need roses and jazzTake a plane out of time
 Oh it's a life of come and go
 Somehow I make a living
 People seem to like my show
 But if every time I get lonely
 You would plant me a tree
 I'd do the same for you
We'd grow a forest; don't you see?[Chorus]
 I don't want to go now
 Leaving a friend
 Life seems to go on
 Mine seems to end
 Make me a lover
 Love me with pizazz
 I need to die a hero
 I need roses and jazz
