I Want You

Alexia

I want you
Oh baby don't you love me
Don't break my heartI want you
Cause everytime you leave me
I need your arms around me
I need your arms around me
I need your arms around me
I need your love tonightAnother lonely night
Another day goes by without you
You're always on my mind
And everytime I dream about youThis love will last forever
Tell me that you're mine (that you're mine)
We need to stay together
Always side by sideI want you
Oh baby don't you love me
Don't break my heart
I want you
`Cause everytime you leave me
I need your arms around meYour love is like a fire (love is like a fire)
My only sweet desire
I need your love tonightDon't wanna make you cry
And never say goodbye, oh baby
My love is all around
I'll never let you down believe meThis love will last forever
Tell me that you're mine (that you're mine)
We need to stay together
Always side by sideI want you
Oh baby don't you love me
Don't break my heartI want you
Cause everytime you leave me
I need your arms around meYour love is like a fire (love is like a fire)
My only sweet desire
I need your love tonightOh baby
Don't you love me
Don't break my heart
I want you
Cause everytime you leave me
I need your loveI want you
Oh baby, don't you leave me

Oh baby, don't you leave meOh baby, don't you leave me
Don't break my heart
I want you
