

Roses

MacKenzie Bourg

Life is life
And it goes so fast
So reach out and grab it while supplies last
But youâ€™re still here
And I like your face
Itâ€™s kind of loud in here; letâ€™s get out of this place, oh

Cause roses are red
Roses are red most the time
Thereâ€™s love in my heart
Thereâ€™s love in my heart knowing youâ€™re mine
Thereâ€™s no way out
Thereâ€™s no way out of this mess
So darling, may I
Help you get out of that dress?

And weâ€™ll fall apart
And Iâ€™ll piece us back together
Weâ€™ll make it through the windy, stormy weather, oh

Roses are red
Roses are red most the time
Thereâ€™s love in my heart
Thereâ€™s love in my heart knowing youâ€™re mine
Thereâ€™s no way out
Thereâ€™s no way out of this mess
So darling, may I
Help you get out of that...

Dress you know I always love
Truth be told, Iâ€™m so caught up
In everything about my life
The lights, and cameras aren't my type
Oh, I know itâ€™s been a rush
But baby, I just wonâ€™t give up
Cause you donâ€™t know

Roses are red
Roses are red most of the time
Thereâ€™s love in my heart

There's a love in my heart knowing you're mine

There's no way out

Oh, there's no way out of this mess

So darling, may I

So darling, may I

So darling, may I

Help you get out of that dress?
