The Sweetest Drop

Peter Murphy

Roll yourself away from me
Unveil me from your layers
Lay with me
Let me plunder, no betrayal
Shame cast out
Morning sensual fire aroused
Union upon union
In union we'll flower
Sail naked in our funder
Press towards the burstDrop the sweetest drop
Give the thunder up
Rocking to the top
Sensor none the shame
Cling no more to shame
Ring me in the morning
Take me, take me, in the rain
Oh come with me, eh come with me
Concur and swallow me
Explode secrete your tender
Let's scream out like the seaPull me warm and slender
Concur and swallow me
Explode secrete your tender
Let's scream out like the sea
Union upon union
Drop the sweetest dropI think about you all day
Calling the sacred first
Rolling the sunlit day
Give me what I thirstDrop the sweetest drop
Give the thunder up
Rocking to the top
Sensor none the shame
Cling no more to shame
Ring me in the morning
Take me, take me in the rain
Oh come with me, eh come with me
Concur and swallow me
Explode secrete your tender
Let's scream out like the seaRoll yourself away
Immortal burn alive

Rocking to the top
Sensor none the shame
Cling no more to shame
Ring me in the morning
Take me, take me, in the rain
Oh come with me, eh come with me
Concur and swallow me
Explode secrete your tender
Let's scream out like the seaDrop the sweet
Sweet
Drop the sweet
Chinchi
Chinchi chinchi chinchi chinchi chinchi
Drop the sweet
Drop the sweet
Chinchi
Drop the sweet
Drop the sweet
Chinchi...
