# Pop A Pill

## Korn

Well look at this
I see clearly now
Look at this
I can feel it now
Happiness
Is seldom found
Pop the pill
I'm so damn happy now
Feeling things crawl on me
I need my fix today
This is way beyond me
I can't live without you today
Well look at this
I see colors now
Look at this
people ugly now
Happiness
Is seldom found
Pop the pill
I'm so damn happy now
Feeling things crawl on me
I need my fix today

This is way beyond me
I can't live without you today
You today
You today
I don't care about anything around me
Even all the love that surrounds me
Beat me, Be me
I don't care about anything
I do this to shut off the voice within
Within, Within
I don't care about anything
Feeling things crawl on me
I need my fix today
This is way beyond me
I can't live without you today
You today

You today
You today
Feeling things crawl on me
I need my fix today
This is way beyond me
I can't live without you today
