## Aina

[Storyteller: Sebastian Thomson]

[Maiden Voice: Amanda Somerville]

[Narrator: Michael Kiske][Storyteller:]

The streets were never more grateful  
To be walked upon until she was born  
And when she's finished bathing  
How her absence water mourns  
The sky would blush in the setting sun  
underneath her lovely gaze  
and that her eyes should come to rest  
upon the moon, it stays[Angelic Ainae Choir:]

(The Silver Maiden walks

forever will her beauty shine

The Silver Maiden)[Narrator:]

Oria Allyahan, her name the heavens sing

And to her all the wonders it can bear

The world will bring

Fair Silver Maiden of Aindahaj,

May you remain so pure

For joy itself was never so bright as you,

You may be sure[Chorus:]

In the Eve of Evermore she walks

The Silver Maiden

Her beauty and her innocence

Perfume the air like sweet incense

In the Eve of Evermore she walks

The Silver MaidenOria Allyahan, her name rings out renown

And every soul is certain

She is destined for the crown

The sons of King Taetius

Have long held her in praise

And one will surely win her hand

To rule throughout the days[Chorus]
