

Weight in Gold - Louis Futon

Gallant

black dust in orbit
cascades down like a parachute
bricks on my shoulders
this gravity hurts when you know the truth
i'm pulling my weight in gold
call me anxious
call me broke
but i can't lift this on my own
pulling my weight in gold
call me anxious
call me broke
but i can't lift this on my own
we dreamt like martyrs
i never thought i was bold enough
you pushed me further
i take the blame for the both of us
i'm pulling my weight in gold
call me anxious
call me broke
but i can't lift this on my own
pulling my weight in gold
call me anxious
call me broke
but i can't lift this on my own
oh, universe
hold me up
you tried your best is it ever enough
when it's already dragging me down?
i'm pulling my weight in gold
call me anxious
call me broke
but i can't lift this on my own
pulling my weight in gold
call me anxious
call me broke
but i can't lift this on my own
