Red

Cattle & Cane

Thereâ€™s red in my eyes and Iâ€™m charging ahead.
Thereâ€™s poison in my brain, I donâ€™t care what she said.
I do what like, Iâ€™m young and free. Gonna do it all, aimlessly.
I wonâ€™t look back into the sun.
Scared to see the damage Iâ€™ve done.

Iâ€™ll beg steel and borrow, Iâ€™m going to war.
Itâ€™s easy for me Iâ€™ve sacrificed before.
No oneâ€™s gonna give it to you on a plate.
Gotta take your chance before itâ€™s too late.
I can be cruel behind your smile.
Find it all so easy to lie.
You got to make your move now, make your move now, now.
Yeh, There is something that I need to say.
Kept it all locked up and its making me ill.
I was scared I would drive you away.

Thereâ€™s red in my eyes and Iâ€™m charging ahead.
Thereâ€™s poison in my brain, I donâ€™t care what she said.
I do what like, Iâ€™m young and Iâ€™m free. Gonna do it all, aimlessly.
Coz I wont look back into the sun.
Scared to see what Iâ€™ve done.
