Possibilities

Daniel Givens

Remember the day when we ran away
And we saw the world for the first time
We drove through the night to those big city lights
And we knew that we could do anything
Could do anything, anything, anything at allAnd we don't have to live memories
Time can turn our dreams to reality
Oh, the possibilitiesNow is the time to make up our minds
And live like this is the last day
That we have a chance to put it on the line
And run away to the best time of our lives
'Cause I still believe that we can we do anythingWe don't have to live memories
Time can turn our dreams to reality
Oh, the possibilitiesWalk through the doorway to the great unknown
This is the moment'Cause we don't have to live memories
Time can turn our dreams to reality
Oh, the possibilitiesOh, we don't have to live memories
Time can turn our dreams to reality
Oh, the possibilities
The possibilities
