

Ocean

Lush

Come with me
Into a cool blue stream
Bleed into oceans green
Lips open wide, drinking the tide
Reach for me
Here where the ocean sea melts
And you sink with me deeper inside
I'll make you mine
Take me down
Down where their voices drown
Down where the only sound
Echoes for me
Take me down
Down where their voices drown
Down where the only sound
Echoes for me
Floating away under the waves
Kiss me again, you'll tell me when salt on my lips
Cool fingertips under the sea
Stay here with me
