Die In a Fire (Instrumental)

The Living Tombstone

(verse 1)
I really hate you
Stop getting in my wayI lost my patience
when are you gonna decayI want to throw you out
just like my broken TVif you'll come back once more
it shall be painful you'll see(chorus)i hope you die in a fire
hope you'll be stabbed in the heart
hope you'll get shot and expire
hope you'll be taken apart
hope this is what you desire(verse 2)
it's almost over
why can't you just let it flydon't be afraid
it's not the first time you'll dieyour mechanical parts click
sounds like when I broke your bonesonce I get my second chance
I won`t leave you alone
(Oh yea!)(chorus)I hope you'll die in a fire
hope you'll get stabbed in the heart
hope you'll get shot and expire
hope you'll be taken apartI hope you die in a fire
Hope you'll get stabbed in the heart
Hope you'll get shot and expire
Hope you'll be taken apart
Hope this is what you desireI Hope you die in a fire
