Haunted

Six Feet Under

I hear screams, echoes of the dead
In the silence, screaming
Haunted by the dead
Listen, theyre calling me to join themRotting away, Im decomposing
Rotting inside, slow decayI wake screaming in the middle of the night
Burning inside Im turning coldRotting away, Im decomposing
Rotting inside, slow decaySkin sweating
My heart skipped a beat
Something behind me
Something I cant seeRotting away, Im decomposing
Rotting inside, slow decayHaunted, haunted
Haunted by the deadRotting away, Im decomposing
Rotting inside, slow decaySilence, the screaming has stopped
My body hangs dead, swinging from a rope
In the silence
Listen, theyre calling you to join themRotting away, Im decomposing
Rotting inside, slow decay
Rotting away, Im decomposing
Rotting inside
