

# Weight of the World

## The Biltmores

This is more than I wanted  
Take me out of the dark, I roam there  
Cold and black, you're out of touch, yeah  
Lightly falling in a whisper, you're scared  
It's the weight of the world, I know  
As I struggle to be whole  
It's the weight of the world, I know  
As you were mine and we will find  
This is stranger than love or loss  
Turning backwards you face the dawning  
No excuse for a wasted life  
Lightly falling through a whisper of sky

It's the weight of the world, I know  
As I struggle to be whole  
It's the weight of the world, I know  
As you were mine and we will find  
Time will change, still the world remains the same  
Time will change, still the world remains the same  
It's the weight of the world, I know  
As I struggle to be whole  
It's the weight of the world, I know  
As you were mine and we will find
