

# Taxi to Nowhere

## Electric Six

I ride a taxi  
To nowhere  
And as soon as I get out  
I'm gonna be alone  
I'm in the backseatDyin'  
I can't remember anything at all  
Except the day that she left me  
Except the day that she left me alone to die  
Wee...It's the tuxedo  
I'm wearin'  
That gets me where I want to go  
It's the illusion of money  
That brings be homeI ride a taxi  
To nowhere  
A taxi  
To nowhere  
And as soon as I get out I'm gonna be alone
