

Still In Love With My Ex (feat. Yung Texxus)

Kelly Rowland

(Ex)

(Ex, ex)

(Ex)I never thought that we would break up for the better
Should've never made the promises to each other
So many things I should have said that you didn't know
Coming in from a past with a heavy load
But I knew that you were a good man
Gave me love, you were faithful; it showed on my hand
I know there are questions in your mind you don't understand
With the words of this song I wanna answer themHonesty (check)

Conversation (check)

A shoulder I could lean on anytime I'm feeling stressed (check)

Good loving (yes)

The perfect soldier (yes)

Was about to say I do when I know I was a mess, so I...[Chorus:]

Searched in my mind trying to figure it out (ex)

And I thought I was happy but I'm having some doubts (ex, ex)

Think about the answer and I know I must confess

I'm still in love with my ex (ex)

And I wasn't ready when I said that I loved you (ex)

And in my heart I know that I gotta tell you (ex, ex)

I shouldn't have gone from one situation to the next

I'm still in love with my ex (ex)Every moment that I stayed, I dug a deeper hole

I was with you, but my heart wouldn't let him go

All my family told me: Kelly, he's the one for you

I know your family loved me; and I love them, too

I'm so sorry for the pain that I put you through

But you shouldn't have to suffer 'cause I'm confused

So much for looking forward to future plans

Lost the love of my life, and I lost a friendGood to me (yes)

Security (yes)

You were all the things I wanted, check in everything (check, check)

You were confident (yes)

Romantic man (yes)

How could I have said I do when I know I was a mess, so I...Searched in my mind trying to figure it out (figure it out)

I thought I was happy but I'm having some doubts (having some doubts)

Think about the answer and I know I must confess (I must confess)

I'm still in love with my ex (still in love)

And I wasn't ready when I said that I loved you (said that I loved you)
And in my heart I know that I gotta tell you
I shouldn't have gone from one situation to the next
I'm still in love with my ex (still in love) Silence
I've gotta own this (I've gotta own this, baby)
I can't believe I'm saying this
Saying sorry is the hardest part (hardest part) Searched in my mind trying to figure it out (searched in my mind)
Thought I was happy but I'm having some doubts (trying to figure it out)
Think about the answer and I know I must confess (babe, I'm so sorry; please, forgive me)
I'm still in love with my ex
And I wasn't ready when I said that I loved you (said that I loved you)
And in my heart I know that I gotta tell you (I gotta tell you)
I shouldn't have gone from one situation to the next (I'm still in love)
I'm still in love with my ex [Chorus]
