

For The First Time

[Mya](#)

I can't explain why I'm feeling for you so bad
Let's do this for the first time It's funny that it seems like yesterday
When we first met up on the stairway
You were so fly, you made me shy away
But unfortunately I pretended that I could not stay And now I don't know what's just come over me but suddenly
I've got the urge to feel your body soakin' wet right next to me
I can't explain why I'm feeling for you so bad
But maybe we'll find out tonight for the first time For the first time So now you're here but I don't know what to
do
'Cause it's been so long since we, both me and you
Have talked, have kissed but there's only one person
On this Earth I know that I've missed I don't know what's just come over me but suddenly
I've got the urge to feel your body soakin' wet right next to me
I can't explain why I'm feeling for you so bad
But maybe we'll find out tonight for the first time For the first time Now I know I've always wanted you, was too
afraid
To make a move, ashamed to let all of my feelings show
When I heard you were coming to town, I hoped that you would
Come around, I got some things to say that you should know But I don't know what's just come, come over me
but suddenly
I've got the urge your body your body right next to me
I can't explain why I'm feeling
But maybe we'll find out tonight for the first time I don't know what's just come over me but suddenly
I've got the urge to feel your body soakin' wet right next to me
I can't explain why I'm feeling for you so bad
But maybe we'll find out tonight for the first time I don't know what's just come over me but suddenly
I've got the urge to feel your body soakin' wet right next to me
I can't explain why I'm feeling for you so bad
But maybe we'll find out tonight for the first time
