

# Brand New Luv

Robin Thicke

Yeah oh yeah baby

Oh see that

Some like to keep heat on some never hot enough

See I sleep with nothing on 'cause I'm always burnin' up

But we all wanna try to see each other's side

And I'll try till she takes my pillow

She'll say I'm lucky, she'll say I'm the man

We'll talk on for hours as long as I understand

I'd go on without her see see but everyday

Ain't the same, ain't the same, ain't the same

I feel like a puppy when I get time to play

I've got a brand new Jones and nobody even knows

When my baby is gone, it's my thang, my thang

Sometimes I can't let go so I've got to be alone

When my baby is gone, it's my thang, my thang alone, alone

Some like a sweet romance and some wanna travel far

But I like a three point stance and I hate to drive my car

But I'd go round the world just to please my girl

And I'll fly if she takes my pillow, ooh

She'll say I'm lucky then say I'm the man

We'll talk on for hours as long as I understand

And I'd go on without her, see see but everyday

I feel like a puppy when I get time to play

I've got a brand new Jones and nobody even knows

When my baby is gone, it's my thang, yeah, my thang

Sometimes I can't let go so I've got to be alone

When my baby is gone, it's my thang, my thang alone, alone

So why don't I just save time and reveal now

'Cause sooner or later she'll know the deal

She'll wonder why bed jumps so high

When she sleeps at night, oh yeah yeah

Ooh tell me I'm lucky then say I'm the man

We'll talk on for hours as long as I understand

Then I'd go on without it see see but everyday

I no ain't the same ain't the same

I feel like a puppy when I get time to play

I've got a brand new Jones and nobody even knows

When my baby is gone, it's my thang, my thang

Sometimes I can't let go so I've got to be alone  
When my baby is gone, it's my thang, my thang alone, alone  
I've got this brand new Jones  
Leave me on my own, love love baby you know it  
I've got this brand new Jones  
Leave me on my own, love love baby you know it  
I've got this brand new Jones  
Leave me on my own, love love baby you know it  
I've got this brand new Jones  
Leave me on my own, love love baby you know it  
I've got a brand new Jones and nobody even knows  
My thang, my thang  
Sometimes I can't let go so I've got to be alone
