Blue Eyed Suicide by Dave Fenley

She's a no regrets take you to the edge kind of lover
Get's in your veins can't get enough of her
Cut's a little deeper than all of the others did
She's a wild child getcha high goin all nighter
Just one taste have you walkin thru a fire
She's a hundred proof and gotcha drowning in desire

She's a loaded gun
The only one gets me crashin in the ground like a setting sun
She's a get right goodnight blow your mind
blue eyed blue eyed suicide
Somethin 'bout the way she loves and leaves
She gives and she takes everything I need
She's a get right goodnight blow your mind
blue eyed blue eyed suicide

Her lipstick kiss still stained on the mirror
Damn I wish she was still right here
I swear I feel her down deep inside
Always hello then it's goodbye

Yea she's a loaded gun the only one
Gets me crashing in the ground like a setting sun
She's a get right goodnight blow your mind blue eyed blue eyed suicide
Somethin 'bout the way she loves and leaves
She gives and she takes everything I need
She's a get right goodnight blow your mind
blue eyed blue eyed suicide

She's a blue eyed suicide
Yeah Say oh oh whoa oh oh oh whoa oh
Yeah yeah yeah
I say oh oh whoa oh oh oh whoa oh
Yeah yeah yeah

Oh there's somethin 'bout the way she love's and leaves yeah she gives and she takes everything that I need

I need
Yeah She's a loaded gun
The only one gets me crashing in the ground like the setting sun
She's a get right goodnight blow your mind blue eyed blue eyed suicide
Yeah
Somethin 'bout the way she loves and leaves
She gives and she takes everything that I need yeah
She's a get right goodnight blow your mind blue eyed blue eyed blue eyed suicide

Yeah she's a blue eyed suicide
Yeah she is
Oh oh whoa oh.....
