

Here, There, Everywhere

Sutton Foster

To lead a better life
I need my love to be hereHere, making each day of the year
Changing my life with a wave of his hand
Nobody can deny that there's something there
There, running my hands through his hair
Both of us thinking how good it can be
Someone is speaking, but he doesn't know she's thereI want him everywhere
And if he's beside me I know I need never care
But to love him is to need him everywhere
Knowing that love is to share
Each one believing that love never dies
Watching his eyes and hoping I'm always thereTo be there
And everywhere
Here, there and everywhere
