Above Suspicion

Mel Tillis

[with Sue York]
We're above suspicion both you and I
They say that I'm a good girl and that I'm a good guy
We belong to others but the power of love
Is just too strong for right or wrong even when you're above suspicion
Above suspicion but that's what happens when you're tied to those who never care
[ac.guitar]
We're above suspicion someday we'll know
I couldn't be a good girl I couldn't be a good Joe
When two hearts beat togehter then the powers of love
Is just too strong...
