

Bacon (feat. Ty Dolla \$ign)

Nick Jonas

[Verse 1: Nick Jonas]

Pretty mind, silk thoughts

Start a fire when you turn the lights off

Oh my, my God

The way he made you he did a fine job[Pre-Chorus: Nick Jonas]

I know you been hoping I give in

But I ain't feeling that feeling, no

Babe you right, maybe I'm tripping

The one thing I love more than being with you[Chorus: Nick Jonas]

And that's late nights, doing what I wanna do

I got sleep eyes; I woke up like this

Feel like...

Aw shit, throw some bacon on it

One thing I love more than being with you

And that's no ties, no drama in my life

Yeah I, I woke up like this

Feel like...

Aw shit, throw some bacon on it

One thing I love more than being with you-ou-ou-ou

Yeah, you-ou-ou-ou

Yeah, you-ou-ou[Verse 2: Nick Jonas]

Sizzling, white hot

Give me that sugar with the sweet talk

You're perfect, but I'm not

So how do we end up in the worst spot?[Pre-Chorus: Nick Jonas]

I know you been hoping I give in

But I ain't feeling that feeling, no

Babe you right, maybe I'm tripping

The one thing I love more than being with you[Chorus: Nick Jonas]

And that's late nights, doing what I wanna do

I got sleep eyes; I woke up like this

Feel like...

Aw shit, throw some bacon on it

One thing I love more than being with you

And that's no ties, no drama in my life

Yeah I, I woke up like this

Feel like...

Aw shit, throw some bacon on it

One thing I love more than being with you-ou-ou-ou

Yeah, you-ou-ou-ou
Yeah[Bridge: Ty Dolla \$ign]
Dolla \$ign, Dolla \$ign
Girl every time we get together it's a movie
You on top, got me feeling on your booty
Know you ready when there's other girls around
Won't admit it, but you're acting so different now
And it's hard to just let go like that
When your man with the party, you go way back
And the love's what keeps you coming back
And I'm loving with a bad bitch down my back[Nick Jonas]
The one thing I love more than being with you[Chorus: Nick Jonas]
And that's late nights, doing what I wanna do
I got sleep eyes; I woke up like this
Feel like...
Aw shit, throw some bacon on it
One thing I love more than being with you
And that's no ties, no drama in my life
Yeah I, I woke up like this
Feel like...
Aw shit, throw some bacon on it
One thing I love more than being with you-ou-ou-ou
Yeah, you-ou-ou-ou
