(Talk About) Tattoos

Caesar

Why talk about tattoos
Dawn already on its way
Please, bring a happy song
Let them bring it onNow, on this savage hour
We cannot be more astray
Please, not a crappy song
I'm already gonePretty ragged fiesta
Infinito, see the stars
Neverending, never is nowWhile, while my tired bones
Try to keep me on my way
Please, just one happy song
Just to get me home(Ahah)Pretty ragged, pretty star
Everlasting fiesta
I am ready when you are
Just don't get it, too far gone
You have said it, baby's in noir
