Promises

Mumzy Stranger

I got some fading, what we will do?
When lies follow lies and excuses
Never thought that we will ever go this way
Tell me if youre lonely, i wanna be your only
I know i promised, id be there for you everyday
I know you promised, to make sure that i see my way, see my way
every way, cause
Dont make no promise, yeah, yeah, yeah
Dont make no promise, yeah, yeah, yeah
Dont and i dont know what can happen girl, dont know where were gonna go
Its so frustrating when we dont talk, can you hear my whispers through these walls?
Never thought that we could ever make a cage
Tell me if you want this, i wanna be your last kiss
I know i promised, id be there for you everyday
I know you promised, to make sure that i see my way, see my way
Dont make no promise, yeah, yeah, yeah
Dont make no promise, yeah, yeah, yeah, dont
And i dont know what can happen girl, dont know where were gonna go
Dont make no promise, yeah, yeah, yeah
Dont make no promise, yeah, yeah, yeah, dont
And i dont know what can happen girl, dont know where were gonna go
Theres nothing i can do to make you feel so true
Girl you know i do, wanna get you everything
Dont want to trouble girl, i just wanna stay together
Dont make no promise, yeah, yeah, yeah
Dont make no promise, yeah, yeah, yeah, baby
And i dont know what can happen girl, dont know where were gonna go
Dont make no promise, yeah, yeah, yeah
Dont make no promise, yeah, yeah, yeah,
And i dont know what can happen girl, dont know where were gonna go
Baby, yeah, oh, yeah, yeah, yeah, yeah, oh, girl
And i dont what can happen girl, dont know where were gonna turn
See my way,
All you say, girl you say, are you busy?
