

# Heartless

Elise Estrada

Heart-heart-heartless  
Heart-heart-heartless  
x2What goes around it comes around  
Karma is a bi\*ch  
You left a hole you could see through  
I took for granted, took advantage  
You took my sh\*  
So how can I blame youCause this is all on me  
Wouldn't give my heart away  
But you took it anywayI'm as cold as ice  
Hurt you one too many times  
You're still gone, you're so gone  
There's nothing left inside  
It's gone in this fat lie  
Ripped apart, have no heart  
How could I get so heart-heart-heartless  
Heart-heart-heartless  
Nothing but a hole in my chest  
How can I get so heart-heart-heartless  
Heart-heart-heartless  
Nothing but a hole in my chest  
I'm heartlessIn the dark, I'm so alone  
Never been so cold  
The sound is so deathening  
Frozen tears of regret  
Melting on the floor  
There's no use pretendingCause this is all on me  
Wouldn't give my heart away  
But you took it anywayI'm as cold as ice  
Hurt you one too many times  
You're so gone  
You're so gone  
There's nothing left inside  
It's gone in this fat lie  
Ripped apart, have no heart  
How could I get so heart-heart-heartless  
Heart-heart-heartless  
Nothing but a hole in my chest  
How can I get so heart-heart-heartless

Heart-heart-heartless  
Nothing but a hole in my chest  
I'm heartlessI know sorry won't get you back  
It's my fault and that hurts the most  
Don't know what you got 'till it's gone  
Only a broken heart feels so closeI'm as cold as ice  
Hurt you one too many times  
You're so gone  
You're so gone  
There's nothing left inside  
It's gone in this fat lie  
Ripped apart, have no heart  
How could I get so heart-heart-heartless  
Heart-heart-heartless  
Nothing but a hole in my chest  
How can I get so heart-heart-heartless  
Heart-heart-heartless  
Nothing but a hole in my chest  
I'm heartlessI'm as cold as ice  
Hurt you one too many times  
You're so gone  
You're so gone  
There's nothing left inside  
It's gone in this fat lie  
Ripped apart, have no heart  
How could I get so heart-heart-heartless  
Heart-heart-heartless  
Nothing but a hole in my chest  
How can I get so heart-heart-heartless  
Heart-heart-heartless  
Nothing but a hole in my chest  
I'm heartless
