

Just a Little Bit

Kids of 88

Working your fingers to the bone
Driving you mad and you should've known
Wrap it up, baby, I'm taking you home
Get off your throne, I want you alone

Take just a little bit of time
Just to make you feel right
Just enough to ease the vibe, hit the lights

You've got pressure dripping off your shoulders
Let me be the one to relieve it
Let's get unprofessional
Don't you know it's gonna feel much better with

Just a little bit of
Just a little bit of
Just a little bit of
Is what you need

Just a little bit of
Just a little bit of
Just a little bit of
Is what you need

Feeling the tension, feeling the stress
I got a notion I wanna confess
Looking so good when your hair is a mess
Tearing the buttons right off of your dress

Working you overtime, I'm getting you over the line
I'm climbing your ladder and making you better
Cause it's what you need

You've got pressure dripping off your shoulders
Let me be the one to relieve it
Let's get unprofessional
Don't you know it's gonna feel much better with

Just a little bit of
Just a little bit of

Just a little bit of
Is what you need

Just a little bit of
Just a little bit of
Just a little bit of
Is what you need

Just a little bit of
Just a little bit of
Just a little bit of
Just a little

Just a little bit of
Just a little bit of
Just a little bit of
Is what you need

Just a little bit of
Just a little bit of
Just a little bit of
Is what you need

Just a little bit of
Just a little bit of
Just a little bit of
Is what you need

Just a little bit of
Just a little bit of
Just a little bit of
Is what you need
