

Memory's Garden

Trouble

Should you go first and I remain?
One thing I'd have to do
Walk slowly towards your door
Soon I will follow you Will I dream of good times?
Only love in our minds
Will I dream of making love?
Always knew that it was enough She's gone to live in memory's garden I'll want to know each step you take
So I can walk the same
Someday down that lonely road
You'll hear me call your name Will I dream of good times?
Only love in our minds
Will I dream of making love?
Always knew that it was enough She's gone to live in memory's garden Traveled along so many roads
Must have tried everyone
Today we show new directions
Ones we've never seen before Will I dream of good times?
Only love in our minds
Will I dream of making love?
Always knew that it was enough She's gone to live in memory's garden
