

# Restless Heart

## Starsailor

She stayed till the morning  
Left with her soul intact  
Something was forming  
I asked her if she'd come back  
My restless heart beats like a wanton drum  
Tear me apart, say I'm your only one  
She stayed till the morning  
Left with her soul intact  
Something was forming  
I asked her if she'd come back  
My restless heart beats like a wanton drum  
Take this to heart, say I'm your only one  
Say I'm your only one  
Say I'm your only one  
Say I'm your heart.
