"Loving Feeling" The Steppas

said oh i love this feeling

said oh i love this

said ah na na na na no , butta na na na na no

said oh we love this feeling

oh you love this?

said ah na na na na no

said every morning, I wake up

I put a smile on my face and try to face the day

to overcome the struggle that life isn't fair and we just can't escape

and then we have to realize

that there are others in this world that who'd wish that they were in our place

so we must sit back and relax and just know that everything will be okay

chorus:

woh ooh woh oh oh

we love this feeling

woh ooh woh oh ohwe love this place

woh ooh woh oh oh

we love the life that we live

woh ooh woh oh oh

we love reggae

so wash away your struggles

and wash away your pain

and wash away your troubles

and know that everything will be okay.

this feeling's universal

no matter what the color of the skin you can feel like this

so don't judge a brother lets learn about each other

woh oh oh oh ooh oh ohchorus:

woh ooh woh oh oh

we love this feeling

woh ooh woh oh oh

we love this place

woh ooh woh oh oh

we love the life that we live

woh ooh woh oh oh

we love reggaechorus:

woh ooh woh oh oh

we love this feeling  
(oh i love this feeling)  
woh ooh woh oh oh  
we love this place  
(we love this place, we love this place)  
woh ooh woh oh oh  
we love the life that we live  
woh ooh woh oh oh
