Lie After Lie (Stripped)

Filter

A waste of time, a waste of life, a waste of youth, oh...
A waste of minds, a waste of life, and where were you? Oh...
When I look back on this, will I think I missed out?
Oh, will we end up as life's many wrongs?
Or will we end up at all?Lie, lie after lie
Lie after lie
Oh!Always a crime, a waste of time, always with you, yeah
A waste of minds, a waste of life, and where were you? Oh...
When I look back on this, will I think I missed out?
Oh, will we end up as life's many wrongs?
Or will we end up at all?Lie, lie after lie
Lie after lie
