

# Curvature

## Pansy Division

IÂ’ve got nothing against a man  
Whose dick is hard straight  
IÂ’ll take it in my hand  
It sure feels great  
But thereÂ’s one thing  
That turns me on for sure  
And that is a man  
Whose dick has got curvature  
Curvature, curvature  
Something that can peek out at me around the  
Furniture  
Curvature, curvature  
Something that really gets me off is curvature  
When I get home with a guy  
And itÂ’s getting late  
I canÂ’t wait to gauge the angle of his tubesteak  
When I get around  
To opening his package  
The guy whoÂ’s bent like the st. louis arch  
Is gonna have an advantage
