{chorus}
Come to me
Say you will say you won't
Come to me
Say you will say you won't
Come to me
Say you will say you won't
Come to me
Say you will say you won't
And I must get high workin that line
And I must get high workin that line
Don't hide come to me
I'm workin that mile -Don't hide come to me{chorus}
