Learning the Blues

[Katie Melua](#)

The tables are empty the dance floor's deserted
You play the same love song it's the tenth time you've heard it
That's the beginning just one of the clues
You've had your first lesson in learnin' the bluesThe cigarettes you light one after another
Won't help you forget her and the way that you love her
You're only burning a torch you can't lose
But you're on the right track for learnin' the bluesWhen you're at home alone, the blues will taunt you - constantly
When you're out in a crowd, the blues will haunt your memoryThe nights when you don't sleep the whole night you're crying
You just can't forget her soon you even stop trying
You'll walk the floor and wear out your shoes
When you feel your heart break you're learnin' the blues
