

Lakini's Juice

Live

It was an evening I shared with the sun
To find out where we belong
From the earliest days
We were dancing in the shadows More wine
'Cause I got to have it
More skin
'Cause I got to eat it Inside the outside
By the river
Used to be so calm
Used to be so sane I rushed the lady's room
Took the water from the toilet
Washed her feet
And blessed her name You brought peace
Is such a dirty habit Slow down
We're too afraid Let me ride
Let me ride
Burn my eyes
Let me ride, yeah It was an evening I shared with the sun
To find out where we belong
From the earliest days
We were dancing in the shadows Slow down
We're too afraid Let me ride
Let me ride
Burn my eyes
Let me ride, yeah Let me ride
Oh, let me ride
Oh, let me ride
Oh, let me ride
