

# Happy Birthday

## The Birthday Massacre

I think my friend said, "I hear footsteps"  
I wore my black and white dress to the  
Birthday massacre, birthday massacre, birthday  
I wore my black and white dress I think my friend said, "Stick it in the back of her head"  
I think my friend said, "Two of them are sisters"  
"I'm a murder tramp, birthday boy", I think I said  
"I'm gonna bash them in, bash them in", I think he said Then we wished them all a happy birthday  
We kissed them all goodnight, now he chases me to my room  
Chases me to my room, chases me  
In my black and red dress I think my friend said, "Don't forget the video"  
I think my friend said, " Don't forget to smile"  
"You're a murder tramp, murder tramp", I think he said  
"You're a murder boy, birthday boy", I think I said I think my friend said, "Stick it in the back of her head"  
I think my friend said, "Two of them are sisters"  
"I'm a murder tramp, birthday boy", I think I said  
"I'm gonna bash them in, bash them in", I think he said I think my friend said, "Don't forget the video"  
I think my friend said, " Don't forget to smile"  
"You're a murder tramp, murder tramp", I think he said  
"You're a murder boy, birthday boy", I think I said
