

Lost and Found (iTunes Originals Version)

Brooks & Dunn

I lost her trail on a Friday night
She was gone before I got home
She'd been getting restless
In that big house all alone
And I've been up and down these city streets
For three nights in a row
And Lord it's hard to find that girl
When she gets the urge to go It's kinda like a lost and found in a border town
You're askin' 'bout a diamond ring
They just look at you like you've lost your mind
Say they haven't seen a thing
But I know she's been here lately
I can still smell her perfume
And she gets crazy on a full moon And I know she'll be coming back
Her car is waiting right outside
But, I don't want to think about
Who's taking her for a ride
And her unpredictability
Is what I love about her best
Lord, I've got to find her quick
Before she does something I regret It's kinda like a lost and found in a border town
Askin' 'bout a diamond ring
They just look at you like you've lost your mind
Say they haven't seen a thing
But I know she's been here lately
I can still smell her perfume
And she gets crazy on a full moon She's out there somewhere
Burnin' up the night
Somehow I've got to run her down
I'm running out of time It's kinda like a lost and found in a border town
Askin' 'bout a diamond ring
And they just look at you like you've lost your mind
Say they haven't seen a thing
But I know she's been here lately
I can still smell her perfume
And she gets crazy on a full moon It's kinda like a lost and found in a border town
Askin' 'bout a diamond ring
They just look at you like you've lost your mind
Say they haven't seen a thing

But I know she's been here lately
I can still smell her perfume
And she gets crazy on a full moon
